That sounds great to me. For some reason I didn't think it could be that straightforward. Let me shorten it & send it back.

Thanks!

As I am reviewing this cover, I'm wondering why we don't just have a simple cover letter that says our proposed decisions on their permits and AE are attached. Why do we need to go into detail in the cover letter?

Hi Lucita & Douglas,
Please review the first draft of an AE proposed decision cover letter. I am going to start routing of the AE package to Darcy later today so she can start the review process for all the documents she will end up reviewing. Since this is a non-standard letter, I would like to get your review of this letter before putting the package together.

Thanks!

Valois
